Editors' express appreciation

The 1982 Sting Staff this year spent endless hours producing a quality yearbook that every student could look back on in years to come. We did our best to capture all those special moments and those not so special moments.

We, the editors, would like to express our sincere appreciation to the staff and to our adviser, Mr. Barclay Burrow. Without their dedication and help this book would not have been possible.

Bill Jenkins — valedictorian

William Herndon Jenkins III graduated from Victoria High School with a grade point average of 100.64. In addition to maintaining this fantastic GPA, Bill was a dedicated member of the Varsity Tennis Team, secretary of both Science Club and Key Club, president of National Honor Society and a member of J.E.T.S. He was named to Who's Who Among American High School Student as well as Who's Who at VHS. He was awarded both the National Merit Letter of Commendation and the DAR Good Citizen Award. Bill will attend Rice University in Houston.

Rami El-Mahmoudi — salutatorian

Rami El-Mahmoudi, our Salutatorian, challenged Bill with a grade average of 100.26. His accomplishments are numerous. They include several awards from organizations such as the American Cancer Society, U.S. Navy, U.S. Army, U.S. Air Force and Eastman Kodak. He also advanced to the International Science and Engineering Fair twice during high school. At VHS, Rami was selected as French Student of the Year, Most Likely to Succeed, and he was named to Who's Who. He was also treasurer of both NJHS and NHS, and vice-president of Science Club. Rami will attend Harvard University in Boston, Massachusetts.

Who's Who at Victoria High School

The Victoria High School faculty selected the following students and named them to 'Who's Who at Victoria High School' in honor of their outstanding achievements. Students include Rami El-Mahmoudi, Randy Taylor, Julie Morgan, Chuck Zavesky, Billie Henk, Joe Trevino, Shelly Cano, David Slover, Connie Martinka, Wayne Barefield, Lisa Zuniga, Mark Svrcek, Bil. Jenkins, Shelley Felux, George Drazic, and Paula Vrazel.

LRC: a perfect place

One of the nicest places to spend time at Victoria High is the Learning Resource Center. Many students have found it to be a perfect source of reading material, resource information, or the latest issue of their favorite magazine. Other than books, the LRC offers many other forms of information and is the home of teaching equipment available to all classes. Students can check out books for a period of two weeks, after which time a fee of 5¢ per day overdue is charged. Magazines may be kept overnight. At the end of the year,

the LRC staff inventories the entire selection of books and information, which takes about two weeks. Though everyone tries to have their books back by the final days of May, there are books lost every year. The LRC staff includes Kathryn McCombs (head librarian), Joyce Warzecha, Emma Fernandez, Marie Frankson (assistant librarian), Joann Beaty, Martha Philips, and Joy Bridges. Always quiet, always the place to find needed information, the Learning Resource Center is something VHS students can be very proud to have.

HFL learns marriage

Home and Family Living is an elective course available to all seniors. Students study human behavior while gaining an understanding of their relationships within the family and outside the family. Mrs. Ann Oyen is the teacher of Home and Family Living.

As part of the class, students plan and take an active role in a wedding, learning the importance of both proper etiquette and careful planning. This year's fall semester bride and groom were Mary Ann Massey and Jamie Dorsett, and the spring semester newlyweds were Paula Vrazel and Ricky Appelt. The wedding is both entertaining to its participants and an effective opportunity for them to learn.

as the Victoriadores. Victoria's "Pride of the Southwest" has had a great year with many outstanding performances, as they continue to represent VHS in a way that makes everybody proud. In March, the Victoriadores went to state competition in Dallas, taking five soloists and a prop, jazz, and highkick dance. Senior officers include Elsa Garcia, major; Trayce

Salver, 1st senior captain; Kris Parker, 2nd senior captain; Gayle Todd, 1st senior lieutenant; and Mary Massey, 2nd senior lieutenant. Senior Victoriadores get special privileges and earn special respect within the drill team because most of them have been Victoriadores for a year or two before they become seniors. About her senior year in the drill team, Trayce Salver said that "some of my closest friendships, that I will remember all my life are people I spent time with in Victoriadores." This year's senior Victoriadores are an extremely talented group of girls who have added a lot to the "Pride of the Southwest."

Disc jockey graduates

Randy Vivian, or otherwise known as Randy Scott from KVIC radio is among the seniors of 1982. He is a disc jockey who enjoys what he does for a living. When asked how he began his job in radio, he said that it interested him. So he thought he'd give it a try. Although he did a lot of his own to get the job, he also thanks Mr. Barclay Burrow and Dave Jaggar "for having enough faith in me to give me this chance of a lifetime." When he was asked what he intended to do after high school he said with that million dollar Vivian smile, "I intend to continue my career in radio."

SAC: no fun at all

The Special Assignment Class, or SAC, as it is better known, is a place most students dread visiting. SAC, located at 1208 S. Navarro, is where students are sent as a means of disciplinary action. Once a student is assigned to spend a day there, he misses school and is picked up at 9:00 AM, transported across town on a bus, and deposited back at Victoria High at 3:15 p.m. In addition to normal school policies, students at SAC have to follow a rigid set of rules including that they must study or read all day long; no talking or sleeping is allowed at all. A thirty minute lunch break is permitted. A visit to SAC also means the students cannot be exempt from an exam in any class.

Students may be sent to SAC for anything from an accumulation of tardies to disrespect for a teacher. Profanity has also grown into a major problem.

Burrow active at VHS

Barclay Burrow is a very special person to most of the students and faculty at Victoria High School. He is a hard worker and will hang in there until the job is finished. He is the advisor to both the Victorian staff and the Stingaree staff. Each spring he joins efforts with Kathy Neece to put out Impact. This year, however, he also found time to help Mrs. Vardaman's class with a project which consisted of designing and printing a newspaper of the future.

If all this isn't enough, he also does most of the planning and budgeting for the junior-senior prom held each spring. If you listen to KVIC-KCWM radio on the weekends, you will find him working hard at another job, a disc-jockey. Although he always has a lot on his mind, he is a person with much patience and can usually find something to make a quick joke about.

His students find him more as a friend than a teacher. Sabrina Steelman and David Jordan agree, "that he is a good teacher because he gets involved with the students and is concerned with their personal needs. If you need him, he'll be there!" Lorree Hennig sent on to say "that he is a very open man who is full of encouragement." Jackie Olinger, a member of the annual staff remembered the day she nearly fell apart (when everything was going wrong on the yearbook), but Mr. Burrow talked to her and helped her get back on the right foot. "I had stayed up all night working on the annual and I was tired and then I found out that most of what I had done the night before was wrong. I just broke down and cried. He took me aside and talked to me and showed me the way it should've been done. He's a great man. I've learned a lot from him."

Yearbook staff strives for perfection

The Stingaree Staff, under the supervision of Barclay Burrow, works hard to put out the one book that will be flipped through many times in its long life — the school annual. Work on the annual starts on the first day of school, with the group as a whole coming up with a good theme that can be followed throughout its numerous pages in a continuous flow. When the theme is chosen, the staff comes up with an idea for the cover design. After the idea has surfaced, the Stingaree Staff usually asks for the Art department's help in designing the actual yearbook cover. When the groups of students have designed their various pieces of work they are presented to the editors of the staff, who will decide which presentation best fits the theme.

While all this is going on, staff members are busy drawing layouts and staying on top of the sections previously given to them. Besides working on their assigned sections, some members choose to be on an ad team. These are teams of two people who hold in their possession a list of potential advertisers, or rather businesses throughout our community. The team members must contact each name on their list to see if the company would be interested in running an ad in the yearbook. Ad sales are a necessary part of the book as it determines the price of the book. (The more ads that are sold, the cheaper the annual costs to all persons who purchase one.)

To put out a highly rated yearbook all members must work closely together to meet their deadlines

and must be willing to stay until the job is done.

The 1981-82 Stingaree Staff consists of 31 members including the photographers. The editors for the year were Tammy Farmer, Lisa Zuniga, and Lorie Torres. Under them are Michelle Dronet, Clubs Editor; Margarette Thompson, Sports Editor; Jackie Olinger, Senior Section Editor; Tonya Shaw, Class Editor; Lynn Lowder, Administrative editor, Brigett Postel, copy editor; Holly McCutchen, Business Mgr.; Sabrina Steelman, Assistant Business Mgr.; David Jordan photo editor; Laura Trotter, Assistant Photo Editor; and Joy Duglinson, Photo Assignment Editor. The other staff members consist of Kim Anderson, Donna Andres, Ginger Copeland, Shannon Fitzgerald, Dee Garland, Rhonda Kickendahl, Lisa Lewis, Jennifer Meis, Linda Oliver, Connie Rogers, Lisa Vasquez, and Jackie Vega.

The Stingaree Staff members become more than friends through their year of hard work. They become more of a family who congratulates the other guy when a job is well performed, and comforts them in times of frustration. When entering Room 75 all personal grudges must be set aside, as there is no time for foolish behavior. One must be ready to do his best from the word "go." These are some of the essentials for a good quality book that the staff can present to their fellow classmates with pride, and the student body and faculty will enjoy and treasure for many years to come.

Free time or fun

Cheerleading is more than popularity and party invitations. The skill involved takes much hard work and determination. Being a cheerleader also means staying numerous hours after school doing everything from practicing new cheers learned at summer workshop, to making spirit posters. The senior cheerleaders for the 1981-82 school year were April Cook, Linda Purdy, and Lisa Palacios.

The biggest sacrifice a cheerleader must make is giving up a lot of her free time to boost the school spirit. When asked if it bothered her much to have to sacrifice so much of her free time for school functions, Linda immediately said, "No, because most of what we do is a lot of fun." She went on to say that "sometimes there are things we aren't able to do because of a game or something, but that's all part of cheerleading and you learn quickly enough that to be one you must be willing to accept these personal sacrifices."

Tradition of excellence

The Victorian monthly newsmagazine is produced by a talented group of Journalism II students who share a desire to produce the best newsmagazine possible. No one at Victoria High would argue that they've not done a great job. This year with the help of the Victoria Advocate and a new computer in the Journalism Department the Victorian Staff produced a top quality publication covering basic news, sports, and features with highlighted aspects of student life. Department seniors on the staff include Lisa Marlow, Shelley Felux, and Kim Curl, executive editors; Amy Pribyl, Sports editor; Julie Cole, editorial editor; Sharon Sims, news editor; Stephen Bantz, production design; Dwayne Keith, photography editor; Rick Gonzalez, advertising director; Jana Wright, data management; and Lorree Hennig, James Janssen, Johnny Krause, Linda Purdy, and Randy Vivian, Staff writers. Victorian advisor is Barclay Burrow. This year the Victorian celebrated its 25th year in print. While this year's seniors are a hard act to follow for future Victorian staff members, they have also met their own high standards and continued a tradition of excellence.

Students "punk out"

Each year during Homecoming Week, a certain style of dress is set for each school day. However, this particular year we only had four dress-up days, (three official, one unofficial). Tuesday was unofficially declared "Punk-rock day." Mostly seniors, but some juniors came to school really "punked out." This resulted in everyone either taking off their "costumes" or being sent home to change clothes. The official days were Wednesday, "Dress-up day," Thursday, "Western day," and Friday was the traditional, "Red and White day."

During Football season, one of the favorite activities is the poster parties held each Thursday night before a game. The real purpose of these poster parties is to paint spirit posters for use on Friday at the pep rally, however, few

of these posters actually make it to school Friday morning. Poster parties provide an opportunity for less competent art classes' ability to sabotage another's posters. Various "weapons" are used, but overall, poster parties are a fun and productive way for everyone to show their support for the football team. Poster parties are a cherished fall tradition at Victoria High, and will continue to start each school year in the right spirit.

Stingarettes — Number 1 in Texas

How does it feel to be number 1 in the state your senior year? Senior Stingarettes Paula Vrazel and Carolyn Sneed know, as members of the 5A state championship girls basketball team. The road to the state championship game was paved with good times, lasting friendships, and victory after victory, but the most important element was the hours and hours of work and training put in by all the Stingarettes. Carolyn says she thinks being 1982 champs was "a great experience, compared to the 1979 game because this time I really felt the excitement of playing in the game." Next year, Carolyn will be playing basketball on a scholarship to McLennon College in Waco. Paula, who also plans to continue her basketball career, says that "being my senior year and going to state has always been my dream." Paula also feels that Coach Jan Lahodny was a major influence in her basketball career, and says that "without Lahodny, state wouldn't have been such a memorable experience."

Sting power displayed

Greg Verrett is one of VHS's most talented seniors. This year, Greg entered an art contest and won first place. His prize-winning drawing was a giant Stingaree whose tail is igniting a stick of dynamite. This drawing was enlarged to billboard size and posted across the street from VHS. He received \$50 and a free meal from King Crab.

Have you ever wanted to join a vocational club, then after looking at the list of choices you become so confused you just say, "forget it?" This happens to many of our students. The VISD offers a variety of vocational programs to its junior and senior students. Basically the only difference between the various programs is the type of work involved in each. For instance, Distributive Education (D.E.) relates to jobs in general retail selling, while the H.E.R.O. (Home Economics Related Occupation) club offers a wide range of jobs from the food industry to craftwork. To be in H.O.S.A. (Health Occupation Students of America), the student learns basic medical practices and must work at a doctor's office, hospital, nursing home or any other medical related job. Another choice, I.C.T. (Industrial Cooperative Training) is more of an individual study where the student learns about the particular occupation to which he is employed. (Plumbing, electrician, etc. . . .) One other program that is offered at Victoria High School is V.O.E. (Vocational Office Education). Everything from basic accounting procedures to preparing payroll is digested by the V.O.E. students. The members of this organization are employed as receptionists and secretaries for business firms throughout our community.

Do you still find yourself a little confused? If so, why not make it a point to talk to the school's vocational counselor, Mrs. Skipper. She can answer any questions pertaining to requirements and fees for a certain program to which one holds an interest. Vocational education may not be the ideal choice for all students, but those who do participate in one of the clubs find that the greatest thing earned through it is not just money, but experience in the world of work.

Clubs provided friendship

School clubs play an important role at Victoria High school. Participation in a club gives individuals a chance to meet people and begin new relationships. Being a member of an organization also gives one a feeling of being on a team. During the school year, the

second Wednesday of every month one hour was devoted to Activity period. This is the time when all clubs meet and discuss their upcoming events. For those people not wishing to join an organization, the hour was spent in their homeroom as a study period.

True friendship

Friends play an important part of our everyday lives. But, what really makes a person be considered as a true friend? A true friend is someone who would accept you for what you are, not for who they would like to believe you are. They are comfortable to be around, so you can relax and be yourself. You talk and learn about them,

what they like to do, what kind of life that they want for themselves, and how they feel about you. You can confront them with anything and know that the word goes no farther. A true friend will always be there when you really need them. You can laugh with them, cry with them, or just gripe at them because they happen to be the only one that will listen to you. As you become closer, a friend will know when you need to talk and when you would rather be left alone. A good friend truly cares about your hopes, dreams and goals, and will strive to help you reach out and grab them.

Seniors reflect on past

As seniors, we look back on the four "long" years of high school and wonder how it went by so fast. Where did all that extra time go to? Remember when we were counting down the days? Well, now the magical time has come and gone as fast as any other brief encounter in one's life. We realize that it's over and it

does hurt to know that many friendships have been lost. We will go our separate ways and live our own lives one day at a time. When the final page of our childhood has been turned, we will forget the bad times and hang onto the hundreds of good memories that we will always hold dear to us

The amazing Darise

Among the members of the junior class is a girl that stands, or should I say hangs above the rest. She is a magician with a special escape talent.

Wilkinson began the art of elusion in 1976 as an assistant to Ray Anderson, a professional magician. Her interest grew and she turned professional herself in 1978. She has performed at private parties, the Victoria Oil & Gas Exposition, and first Baptist Day Care Center.

One of her favorite feats is extremely dangerous. The act involves being strapped in a straight jacket and suspended in mid-air by a burning rope. The object is to get out of the jacket before the rope burns up. Few magicians have ever escaped unharmed. This is modeled by Amazing Randy, who was suspended in mid-air over Niagara Falls. Houdini has accomplished this feat also.

Extra help from teachers

You've been absent almost all week and tomorrow is the major test you just have to pass. Should you ask your teacher for help or wait until test time and act like you never heard there was a test coming up?

Many of us find ourselves in this predicament knowing what is best but not wanting to face facts. The makeup test will probably be a harder one anyway. Shad Hardin finally makes his big decision and receives help from Mrs. Mozisek

**Hardworking,
spirited,
fun-loving,
full of pride**

The pep rally is an important part of school life. The junior class joins as one to show their support and loyalty to the mighty stings.

Despite the few wins of our interclass battle cry contest, we are second to none in loyalty to our class, alma mater and our fighting Stings. To help promote class pride the junior class held magazine

sales, which is their only fund drive held to sponsor an unforgettable prom for the Senior class. Many dedicated juniors volunteer their skill, time and effort to produce a night of magic that the '82 graduating class will long remember.

Laura Trotter shows horses

Laura Trotter is one of the few students at Victoria High School who shows horses. She shows in the American Paint Horse Association (APHA) in the youth division. Laura has had a great love for horses all her life.

At age ten she received her 1st horse. Since then, she has had three horses. The last horse Laura had she took to the State 4-H Horse Show and made the finals in two events. With this horse, Laura received four All-Arounds which means the most top placings for the day's show. She was also named Gulf Coast Youth Paint Horse Queen in 1980.

Laura has a new horse at this point named Strictly-Class. She plans to continue showing and hopefully compete in a State 4-H show and the National Paint Horse Show in Oklahoma City.

Junior Ranny Phillips enjoys sport of rodeo

This is Ranny Phillips. He is a junior at VHS and is originally from George West High School, in George West. Ranny is one of the few students from Victoria High School that participates in the sport of Rodeo.

Rodeos have many categories, however Ranny only participates in bullriding. He started bullriding when he was sixteen years old and has continued this dangerous sport for two years. Ranny played football for about nine years, however, he refers to bullriding as his favorite sport. He agrees that when one gets hurt, one should always get back on and try again. Ranny rodeos for the fun of it. He likes the challenge and the money.

Football Friday involves road trips

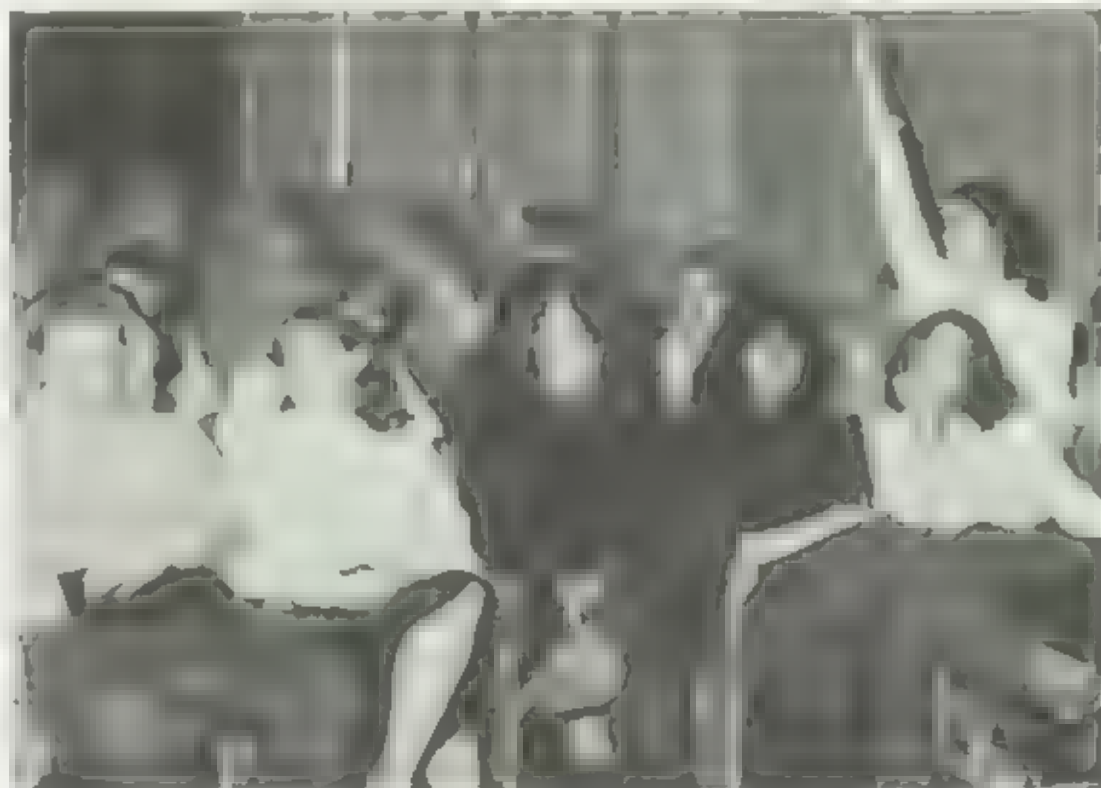

It is another "Football Friday" again and our favorite team is playing out of town. Many of us make another road trip to see the mighty Stings in action.

We plan all week for this big game; planning involves who is going to drive, what time we should leave, how many people are going, and what time do we need to be home so our parents won't know that we've even left town.

Of course the great Seniors of "83" attend with nothing but victory on their minds.

Junior class plans prom

Every year the Junior class honors the senior class by putting on the prom. This year the Junior class is honoring the Senior class of "82." Juniors work many hard hours preparing for the prom. These hours are spent in preparation of the decoration, decision of band, picture background, etc. .

The tradition of a skit, the night of the reception,

is always looked forward to. Many more hours are spent by the Juniors writing the script and placing the characters

The Junior class hopes the Senior class will long remember the prom, and all the things that have happened during their last year at Victoria High School.

Amy Alkek: all-around athlete

Amy Alkek is one of our girl Varsity Basketball stars here at VHS. Number 50, a 5'7" guard who sometimes plays forward, averages eleven points per game with an all-time high of twenty points.

Amy got started playing basketball at Howell Intermediate, the first year VISD decided to hold Jr. High Competition for girls in 1977-1978. Since then she has attended a workshop at UHVC, helping her team to gain their District Champ title as a Sophomore and winning the State Tournament for 1982. One of Amy's closest friends, Sherry Hauglum, seems to have helped her tremendously. "Augy got me started in Jr. High and has worked with me ever since," says Amy.

She's not only in basketball but in softball, also. Amy has played fast pitch for seven years and is starting her second year for the slow pitch league. She occasionally plays tennis. It seems to many of us that Amy Alkek is an all-around gifted athlete and we are very glad to have her here on campus.

Sophs have spirit tradition

Sophomores have had their fair share of winning the spirit stick at pep rallies. The Super Sophs always have plenty of posters and noise makers and they really enjoy giving the Stings all the spirit they have.

Many Thursday nights are spent making various posters to show the Stings that the Soph's are with them all the way. The Sophs are sure to keep up the spirited tradition as long as they are around.

Kenneth Sexton and Robert Briggs show they have split personalities.

Homework creates physical labor

Going home and getting ready to do homework is a major problem for some VHS Sophomores. It seems football games or poster parties always have a tendency to get in the way of school work. These two sophomores, Christi Ehrett and Kim Anderson, lug home the books early so they will have time to enjoy the upcoming weekend

Dating: when and where?

These are two of the most asked questions pertaining to dating. The answers vary a great deal.

When? Most likely, people date on weekends, but depending on the different family ideas, some people may date occasionally on the weekdays. Of course there is always time to see him or her before school, between classes, at lunch, or after school as you can see by looking at Sophomore Sean Wray and Freshman Polli Rayburn.

Where? Just as when, the places vary a great deal. Some common dating places are Salem Six or Playhouse restaurants and the ever popular Riverside or Sun Valley. Depending on the funds and transportation you may just stay home for a quiet evening in front of the television.

Dating has been going on a long time at VHS as it has everywhere else. Although the when's and where's will vary through the years, dating will always be around.

Victoriadores promote school spirit

The Victoriadores play an important role in promoting school spirit. They let our athletic teams know we are behind them all the way. These girls enhance the football teams spirit by decorating lockers, making them food, and also decorating their yards for the Stroman games. Victoriadores wear spirit buttons and ribbons to boost the Sting spirit and work continuously to make themselves the Pride of the Southwest. Sophomores: Susie Bigelow, Missy Madden, and Tonja Brown have two more years to uphold the Victoriadores excellence

Study habits differ

Although studying takes up many hours of the V.H.S. student body, it isn't very popular. Most of the studying takes place at home, but sometimes you have class time like sophomores Ashley Logan, Susie Bigelow, and Andre Allemand demonstrate

Studying habits differ from student to student. Some lucky students have a photographic memory and never have to study, while others have trouble retaining and understanding material that they have received in class so, they will slave over books for hours at a time to gain the knowledge needed to pass the test. Some students retain more by studying alone while others retain more from group study periods or with the aid of the teacher. Some students need complete solitude, while others can study with all the "noise" that youth seems to enjoy these days such as the radio or television.

All in all, the majority of students manage to retain sufficient knowledge to obtain passing grades.

Being tardy can be a way of life

Being tardy is a common mishap at VHS. It never fails, you have all your classes in one building and 4th period in the other building so you have to be rushing all day back and forth to your locker. Some students just carry all their books with them so they won't get another tardy.

Depending on the teacher, you may be tardy if you aren't in the classroom when the bells ring. If you have a tougher teacher you may be counted tardy if you aren't in your seat when the bell rings. Some people such as Sophomore Kevin Gaskin don't even make it to the door by the time the bell rings.

There are many things that contribute to being tardy other than lockers. If you have PE then there's always a chance that you might be running late. The most common tardies are just fooling around in the halls with your friends.

Brown believes in dedication

One thing that Jett Brown believes in is dedication. Jett has played football since the 7th grade and he feels that hard practice and self discipline are the main ideas to make a good football player. Jett says that to win a ball game you must practice as if it were the real game. You have to be prepared mentally as well as physically before you head out to the field for pre-game warmups.

Jett is a sophomore and he still has 2 more years to uphold the tradition of a Mighty Stingaree football player. Jett says hard work and everyone working together as a team will make his football years at VHS most enjoyable.

Daydreaming keeps minds active

Daydreaming — the foremost culprit of every student's subconscious mind. What am I going to wear on my date tonight and where will we go? Perhaps this is what sophomore Tracy Troell is dreaming about as she gazes into space.

These thoughts, some good, some bad, are indirectly responsible for the ingenuity of our way of life. Without daydreams, which often become realities, our nation would be far behind in scientific and economic breakthroughs.

The daydreams of the VHS student body such as, how much will we win the ball game by, will I be lucky enough to meet the new boy in school today and will he notice me, may seem insignificant at this time, but in the future, as we grow into adulthood, these daydreams can help us to deal with all our endeavors.

LRC becomes familiar place

Every year Mrs. McCombs orientates all freshmen through their English classes into becoming familiar with the Learning Resource Center. They realized that VHS's library is much bigger and contains a broader range of materials than what they were used to using in junior high.

Just as freshmen Dawn Swank and Ellen Fowler were taught how to resort to the library during their first few weeks of school, they also had to learn where everything was kept, the proper procedure to check out library materials, when the library is open, to memorize their new library numbers, and to be especially quiet.

Most freshmen agree that they have more use for the library since school is much harder this year.

Pam Purdy — one talented gymnast

Victoria High is graced with a very talented gymnast. Her name is Pam Purdy. Pam has been involved with gymnastics for about eight years. During these eight years, she has been to state competition five times, won approximately 120 awards, and an all around. Winning the all around means she was the best gymnast out of everyone. Pam works out at the airport gym four times a week.

When asked what her future plans were, Pam replies, "I plan to continue throughout high school." There are four different levels of competition. Pam is competing on the second level now, but she is going to move up to the first level during the summer.

Freshman spirit

The first pep rally for the freshman always turns out to be quite a flop because of their inexperience. In fact, most freshmen don't even know what one is until they experience the first Friday of the football season. After a couple of weeks of being called "fish," the freshmen begin to feel an urge to show the upper classmen that they do have as much spirit. The freshmen class will usually hold a poster party on Thursday nights, only to be bombed by sophomores, juniors, and seniors. However, the freshmen class of 1982 did celebrate a single pep rally win during the football season. Better luck next year as sophs!!

It's tough staying in NJHS

The club on campus with the most freshmen membership is the National Junior Honor Society. The Sting Room is the familiar meeting place during fifth period on every second Thursday of the month. To be eligible for membership you have to be a freshman or a sophomore and uphold a ninety to ninety-four average depending on what kind of class schedule you have. Dues are one dollar and towards the end of the year the club has a party.

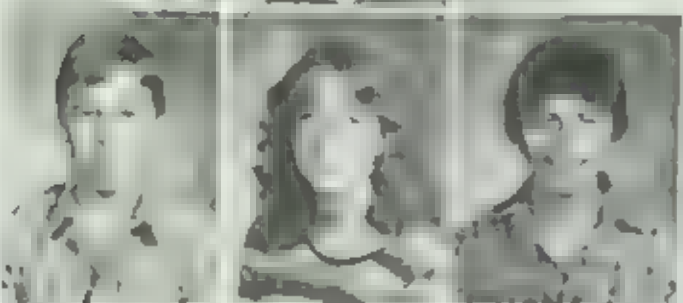

Staying in N.J.H.S. is an honor for freshmen because they have to adjust to achieving better grades to be accepted. If your grade average falls below the required average during your membership, then you are put on probation. Once on probation you still have to maintain the required average to stay in the much respected club. If you fail to do that, you are removed from the club and cannot re-enter.

Being in N.J. H.S., besides looking good on your transcript, encourages its members to strive for academic goals, responsibility, leadership, and service.

The next Juice?

Fifteen year old Stephanie Tisdale may not be the next Juice Newton or Barbara Streisand but she is well on her way up in the music world. This year has been great for her in the area of choir. She sings Soprano II in the Treble Choir. This year she is the only freshman girl to make it all the way to Region. In competition she sings Alto because it is easier for her to hit the high notes. She comments, "Competition is hard and tough but I like going places and meeting new people." She received a I rating on her solo but did not do too well on scoring in ensemble. She says, "I have never gotten a hard judge for they all are pretty nice

This is Stephanie's second year since sixth grade to be involved in choir. She plans to stay in choir throughout high school. Since she will be a senior when the choir produces their play, she will be a likely candidate for one of the leading roles

She also plays the piano a little with three years' experience. Besides spending time practicing musical pieces, she is involved in National Junior Honor Society and Medical Explorers. After graduation she plans to major in psychiatry and minor in music

Freshmen boost Stingaree Spirit

When the weather does not permit an outdoor pep rally, it is moved indoors to the gym. Many freshmen turnout for the Pep Rallies. Most of their spirit boosters consist of ribbons, voodoo dolls, spirit towels, pom poms, rattling cans, minature megaphones and anything else they can get to help them win the spirit contest. These items are usually bought from the Cheerleaders, Victoriadores, Reserves, Journalism students and sometimes they are homemade. Whatever the situation the freshmen treasure these things long after all the pep rallies

The big event

Lunch time, whether it be first or second, was always considered to be the big event of the day. It was like an extra class that was added on in the middle of the day. With open campus you could go anywhere, if you knew an upper classman with a car. Otherwise you are destined to walk across the street to nearby Nannie's, Pizza Hut, The Windows, Sigmor, or the Ice Cream Factory. The freshmen resorted mostly to the school cafeteria for it was convenient, faster, and cheaper. When the weather did not permit walking to a nearby restaurant, many freshmen flocked to the cafeteria in haste.

Reserves get ready to become Victoriadores

Diligent and high spirited describes the Victoriadores Reserves to the letter. The Reserves are active supporters of the Stingarets. They are on hand at the basketball games and one of the two classes of Reserves perform at halftime.

The Victoria Reserves consist of approximately 100 girls; though, some 150 girls tryout each year. Each of the two classes of Reserves have six officers consisting of one captain and five lieutenants. These girls work hard with Mrs. Castille, the Victoria sponsor, to prepare them for Victoriadores. Though much of their spare time is devoted to the Mighty Stingarettes all girls must maintain an 80 average

Evans George stays very busy

Evans George is a very active person during and after school. His favorite sport is basketball. In 1977 he became interested in this sport through the Y.M.C.A. and got his first taste of participating in school basketball for Crain in 1980 and 1981. This year he is playing for the freshmen team as a forward guard.

Since 1979 he has been in band playing in the percussion section. This year he is a member of the VHS Concert Band.

The National Junior Honor Society is still another activity which keeps Evans busy. He studies hard to maintain his 90 average. This year Evans was voted "Ugly Man" by his fellow classmates.

Tennis appeals to Freshmen

This year tennis is beginning to come out of hiding to be looked upon as an important school sport. It is a popular individual sport that is appealing to freshmen as well as to the other classes. Usually the freshmen team has more members on it than the varsity, because their team consists of many beginners.

This season there are fifteen members. They practice during fourth period with help and advice from Coach A. C. Blunt.

All team members, including Pet Palmer, devote much of their leisure time after school and on weekends to prepare for tournaments and polish up on their skills. They are constantly training year-round in hopes of being on the junior varsity team next year. They quickly learn the meaning of the words "competition" and "defeat." With their potential abilities VHS will surely be proud of a great varsity team in 1985.

JV sets good record

The Victoria High Junior Varsity Football team set a good record this year with a total of six wins, two losses and two tie games. The Sting coaches feel like our J.V. team will make good prospects for the Varsity team for the 1982-83 season

Season opens to victory!

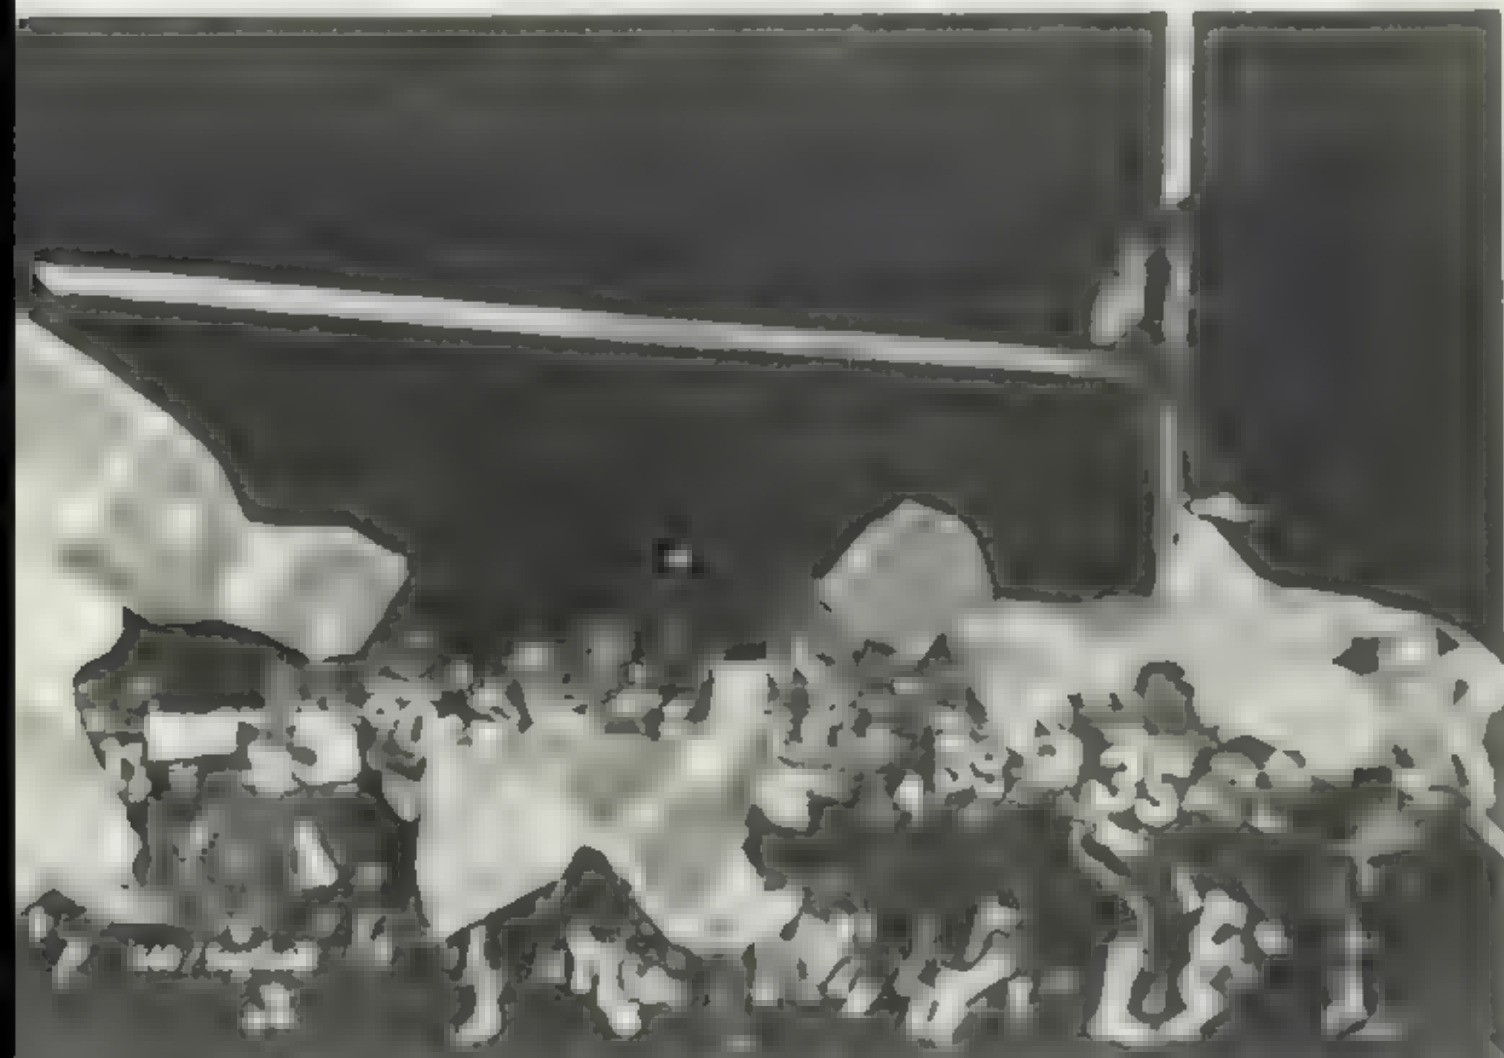

The Victoria High School Stingarees launched the 1981 football season at home in Memorial Stadium. Victoria's Jet Brown and Jeff Payne let nobody doubt their ability. They found the end zone quickly in the first quarter to propel the Stingarees to a 21-0 victory over Austin Anderson

Trojans in the season opener for both teams. The final Sting touchdown came on another big play in the fourth quarter from Junior Charles King who snapped off a stunning 28-yard run. Senior place kicker Robert Vasquez nailed all three extra points in the game

Big red-red hot!

The red and white played the McCallum Knights of Austin. The Stings had their second straight comfortable win as they extended their early season record to a spotless 2-0. The Stings totally shut down their Austin hosts with a 31-7 slam.

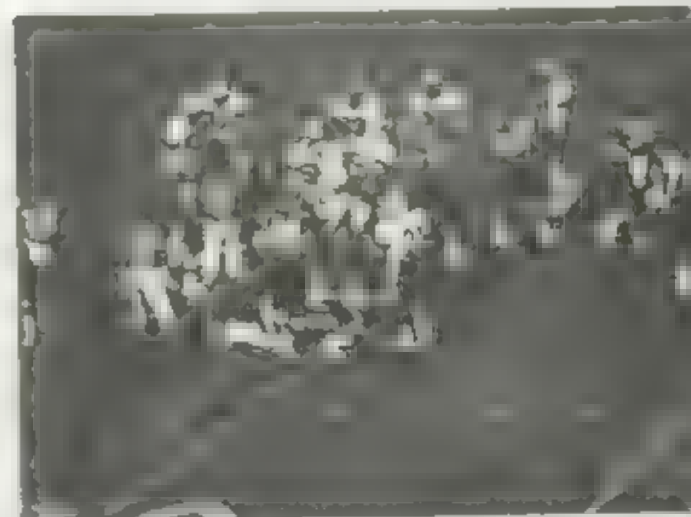

Victoria's first scoring drive began with Brown, Adams, and Furr, while a Vasquez kick tied the game at 7-7 in the first half. Adams and Brown, again along with Vasquez' extra point, drove the Stings to a 14-7 advantage. Midway in the third quarter Charles King added 5 more points and Vasquez's kick gave the Stingarees a 21-7 lead. David Frost moved the team up with Vasquez for a 24-7 lead. Maxson and King's determination added a fourth-quarter score.

Stings make the catch

Stings in winning streak

The Stingarees' third straight non-district win came with the 16-6 victory over Corpus Christi King. Offense put points on the scoreboard, while defense caused a pair of fumbles and an interception. The kicking game added a field goal and left the Mustangs in poor field positions. Jet Brown's fourth-quarter touchdown iced the win for the Stings. The touchdown drive began as Charles King took the ball which had been recovered by Fagan Patterson. Curtis Adams then followed to Jet Brown, who broke through the line for the score. Jeff Payne picked off a pass with 3:22 left in the game and the Stings ran the clock out.

Stings keep rolling

Victoria Stingarees rolled past another Corpus Christi team with a 34-14 win here at Memorial Stadium over the Carroll Tigers

In the first quarter, quarterback Jim Furr had a 70 yard pass play faking it to Curtis Adams, then hitting to split end Sammy Flores, tying the score 7-7

With the determination of Jet Brown, John Anderson, and Robert Vasquez, the score was then boosted at 14-7 in Victoria's favor. Curtis Adam's scored on a four yard run with 6:18 remaining and Keith Garner pushed in from the four for the final victory score

Stings lose district opener

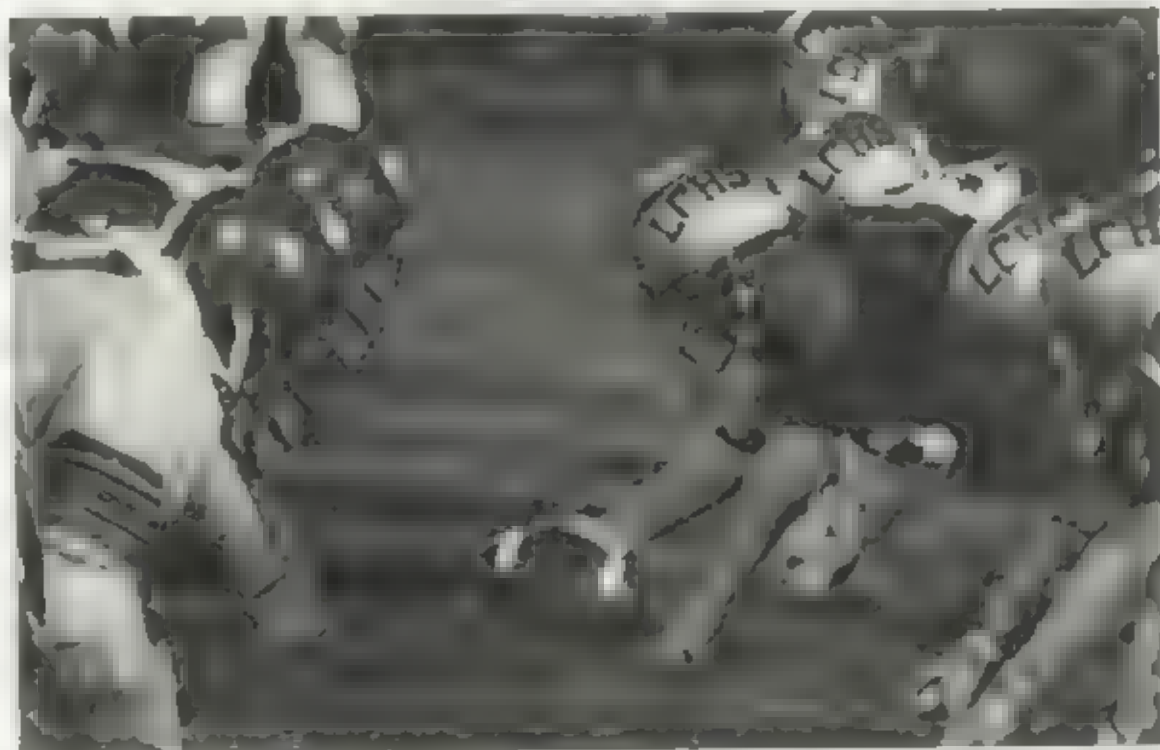

The Victoria Stingarees opened district 25-AAAAA competition with a 27-7 loss to the Lamar Mustangs. Dropping from the ranks of undefeated teams, the loss left Victoria standing at 4-1 for the season and 0-1 in league play.

Jet Brown ran a 44-yard dash down the left sideline, giving Victoria its only edge of the evening as the Stings rode a 7-0 lead into the second quarter. The Mustang offense then took over and directed the action.

Vikings crush Stingarees

The Dulles Vikings won a hard fought 14-7 victory over the Stingarees in 25-5A action. The loss brought Victoria to 4-2 for the season and 0-2 in league play. Victoria held a 7-0 lead through most of the game. The Stings were the equal of the Vikings in first half play. Dulles' winning score came midway through the fourth quarter, at which time Dulles managed to stay on top of the Stings.

The Stingarees rallied against the Sanderabs, coming away with the 20-7 win which snapped a two-game losing streak. The win upped the Sting's overall record to 5-2, giving them a 1-2 in District 25-5A play. Jeff Payne rushed for the most yards with 88 in 13 carries. Charles King was close behind with 81 yards. Curtis Adams and Jet Brown were other top Sting rushers during the game.

Wildcats stifle Stingarees

The Angleton Wildcats blasted the Stingarees 32-6 in an important District 25-5A game. In the first half of the game, the Stingarees trailed by a meager 12-6. Victoria's lone score, which knotted the score at 6-6 in the second quarter, came on a two-yard run by Curtis Adams. With this loss, the Stingaree record fell to 5-4 on the year and 1-4 in the league play

Raiders clobber Stings

The Stroman Raiders battered the Victoria Stingarees with a final score of 29-8. Midway through the quarter, Victoria quarterback Jim Furr hit split end Sammy Flores with a 34-yard pass to tie the score 8-8. In the last 13 minutes, Stroman scored an additional 21 points. The Stings ended the year with a 5-5 record after a promising 4-0 start and 1-5 in league play.

Farewell, hello heard at banquet

The 1981 football banquet was the setting for a change in command of the stingaree coaching staff. Retiring stingaree coach Scott Boyd, and incoming coach Alan Weddell teamed up with Rice University headcoach Ray Albarn and the Stingaree Boosters to honor the entire 1981 squad.

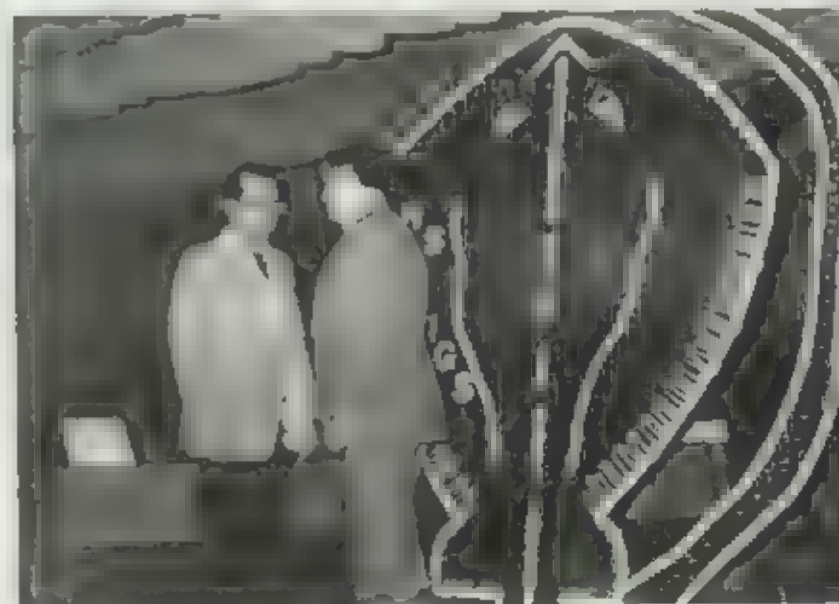

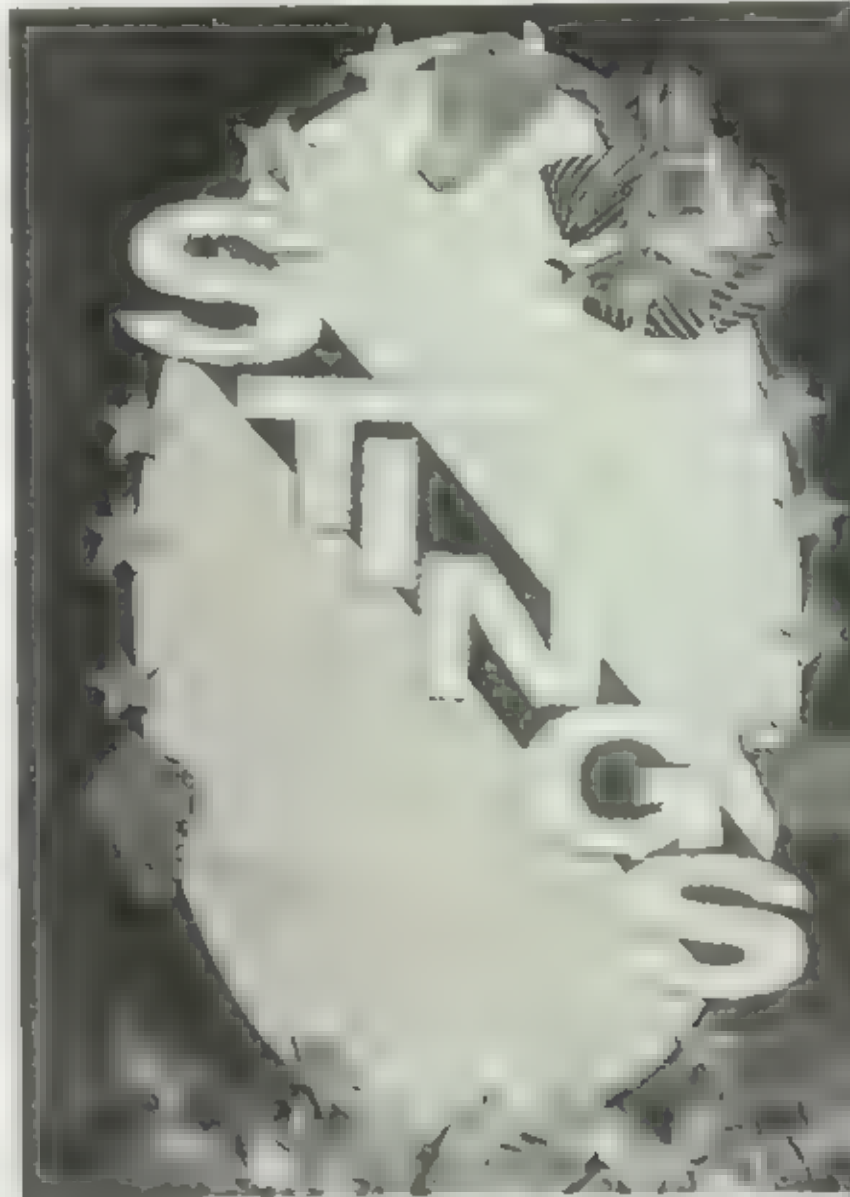

Five seniors were targeted for special praise during the banquet. Courtney Wash was a second-team all-state and first-team District 25-5A selection. Sammy Flores was a second-team all-district pick. Robert Vasquez was the first Stingaree four-year letterman.

Football has forceful season

Stingaree football started with full force in 1981. Four straight victories began the momentum which carried the Stings to 5-5 for the season. The team scored 156 points while rushing 2,027 yards and passing 465 yards. Coach Scott Boyd resigned as head

coach, and Alan Weddell was named to be his replacement. Through wins and losses, the teamwork and sportsmanship showed by the Stingarees reminded us that Victoria High School has a team to be proud.

1981 Stingarees include Mark Vickery, David Frost, Keith Madden, Sammy Flores, Mike Hernandez, Jeff Payne, Robert Vasquez, Ruben Stoeche, Coach Lee Bridges, Coach Jim Brown, Mark Cole, Joe Garcia, Matt Gonzales, Todd Maxson, Joe Barrera, Jet Brown, Mike Gonzales, Keith Garner, Coach Bill Jackson, Trainer Mark Brooks, Darren Fox, Mike Gerick, Sam Burriss, Fagan Patterson,

John Anderson, Charles King, Brian Arterberry, Jason Elder, Chris Bielstein, Coach Scott Boyd, Coach Mike Terral, Curtis Adams, Bret Barlow, Dean DeAtley, Floyd Terral, Kevin Coffman, Richard Wade, Robert Rodriguez, Harold Sims, Jamie Dorsett, Darren Crawford, Larry Lesikar, Daryl Burger, Bill McCrary, Jamie Odefey, Jim Furr, Courtney Wash, and Coach Alan Weddell.

Coaches Don Hicks, Zoe Simpson, Wayne Stewart, Robert Tripson, Dwight Harris, Bill Jackson, and Gary Hackney

The trainers and managers of the Victoria High School Stingarees are an important part of our football team. Although they don't play the game, they work just as hard. They help keep things running smoothly throughout the season. They include Mark Brooks (trainer), Greg Gomez, Eric Vaughan, Will Branch, Brad Mitchell, Doug Hadley (mgr.) and Gerald Washburn (mgr.).

The VHS coaching staff puts in many long hours preparing the Stings for each game. These men don't think of this as a 9 to 5 job, but as a way of life. These coaches have spent most of their lives with football, and intend to pass it on. They have done a great job this year working with the mighty Stingarees. They include Jim Brown, Alan Weddell, Lee Bridges, Scott Boyd (head coach), Mike Terral, and Bill Jackson

Girls strive to win

Most people can't find much satisfaction in working out at 5:45 in the mornings, fourth period class, and a whole lot of on your own running. A group of very dedicated girls have found satisfaction and quite a bit of glory in this sport, that is the Stingarette Cross Country team. These girls have

competed on anything from the beaches of Corpus Christi, to the cow pastures of Bay City, to the forest of Austin. The dedication of these girls have paid off when they won the district title and an opportunity to compete at the regional meet.

Sport of determination

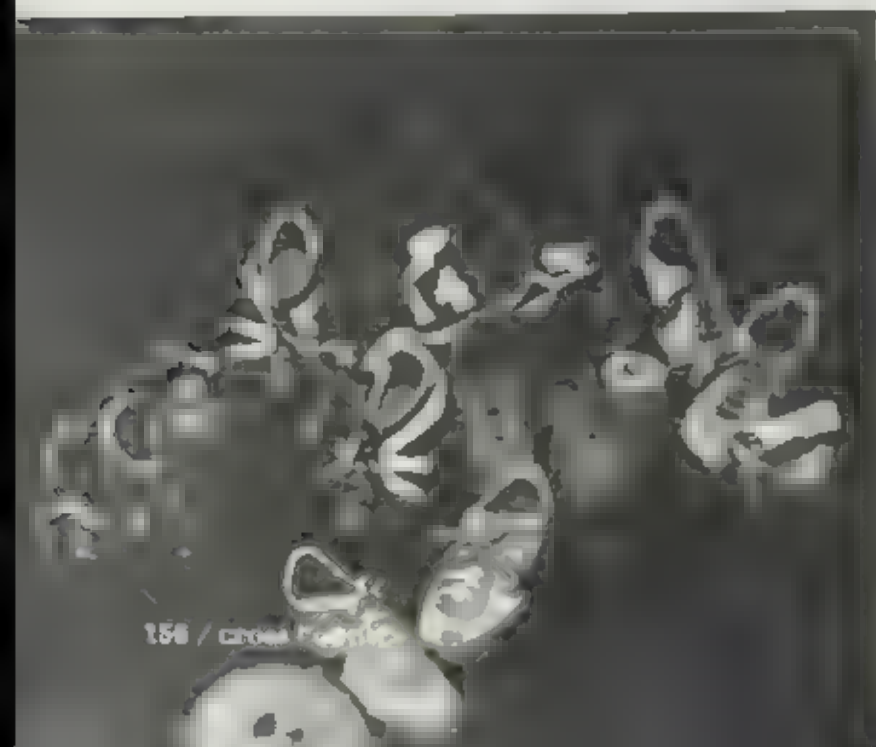

Victoria High Cross Country is a sport that doesn't exactly appeal to all walks of life. It takes a very special type of person to dedicate several years to be the type of superior athlete that it takes to be a cross country contender. It is not the type of sport that one decides to participate in over night. The VHS cross country teams are a group of athletes which have excelled to great heights. They have experienced the true thrill of victory.

Many fans feel as though the Stingaree Cross Country team has started perhaps a tradition with their first trip to the State Cross Country Meet. Victory couldn't have come to a more deserving team. These athletes set a goal and worked very hard to

achieve it. Coach Simpson finished up the season saying, "This was a great way to end a super season. These young men worked extremely hard and I am very proud of them."

The 1981-'82 school year was a good season for the Varsity Tennis Team. They attended tournaments in Brazoswood, Wharton, Bryan, and Austin including the district tournament. in singles while winning second in Bryan and fourth at district. Freshman John Sullivan also won the Wharton tournament and placed second in Austin and second at district with his singles strategy. Nancy Jenkins played singles in Brazoswood, placing first. In all, the girls won the second place trophy at district

Best in Victoria

With the need of a win to gain second round district championship, more was at stake in the Stroman gym than just another season win. Unfortunately for the Raiders, the Stings had an answer for everything Stroman had to offer. The Victoria Stingarees delivered the Stroman Raiders a 66-51 overcome to win the District Title.

The Stingarees half-court defense may have been the key to a district title. The game may have been considered a true test of Sting determination and those mighty Stings showed 'em that VHS is #1.

The Victoria fans couldn't have asked for a more exciting game. The Stings looked as if they were ready to end their season early in the game, but the basketball fever hit them and they did an about-face to win the Bi-District title in double over-time with a score of 76-70.

The taste of victory

The 1981-82 District Championship was a battle for the best, and the best was what came out on top. The Brazoswood Buckettes were no match for the victory hungry Stingarettes who went on to win the district playoff

Stingarettes: number one in Texas

The Victoria Stingarettes fulfilled their ultimate goal for the year by becoming the State Champions. Being number one in Texas was what each girl shot for the entire year. The Stingarettes dedicated themselves to many long hours of practice. During the season, basketball became a way of life not only for each girl but also for the coach. Not one girl would have any regrets for the time spent in becoming number one after they held the gold in the palm of their hand.

25 years: Stingarette basketball excellence

The 1982 Basketball Season was one of true excitement for the Stingarettes. Every game was looked forward to with new highs of anticipation. Coach Jan Lohodny's powerful charisma was transmitted to each player as they won game after game ... and climbed higher and higher to finally achieve the ultimate victory ... the State 5-A Girls' Basketball Championship.

It was a special time for the Stingarettes ... their 25th anniversary ... and Stingarees celebrated like never before. Red and White was everywhere. The Stingaree machine was on the move ... mugs, shirts, banners ... all part of the momentum that each Stingaree was caught up in as victories became common place.

It was a good year for the Stingarettes.

Success was surprising

The success of this year's team was a surprise to most who, because of the team's large number of inexperienced players, did not favor the Stings to win district. Through the experience of Coach Robert Tripson, and the determination of the players, the Stings ended their season with an overwhelming 24-13 record.

First round ends in tie

The first round of district play ended in a four-way tie between the Stings, Dules, Angleton and Stroman. Brazoswood was the winner of the second round but the Stings successfully competed in the district playoffs to capture the District 25-5A title.

The Stings then defeated Austin Lanier and Corpus Christi King to win bi-district, and were only one step away from the State Tournament.

Ups and Downs

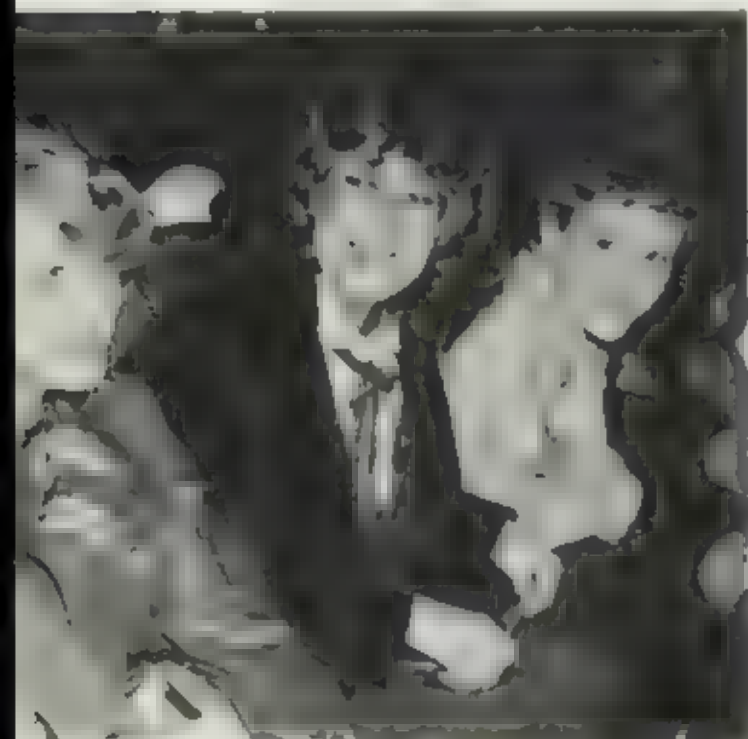

UIL competition: a chance for reward

For students participating in debate, journalism, ready writing, speech, spelling, number sense, typing, and shorthand, the UIL Literary Meet is the highest level of competition. Students practiced for weeks, some for months, with little chance for reward. At the district meet Cathie Bush placed second in prose reading. Lisa Marlow, third in informative speaking; Betty Schokley, number sense alternate; Chance White and Shelley Felux, debate alternate. At the State level, Julie Morgan placed fifth in spelling, and DeeAnn Stubbs placed seventh in typing.

"Sweeney Todd," also referred to as the Demon of the Barbary Coast, was presented this fall by the Victoria High School Drama Department. The main character of this 19th Century melodrama was portrayed by James Janssen, a senior drama student. The play was opened in December after several hectic weeks under the direction of Mrs. Denise Weaver during which everyone memorized lines, built props and experienced with stage make-up. The production was filled with action and suspense which, when combined with everyone's enthusiasm resulted in a tremendous show.

Homecoming sports variety

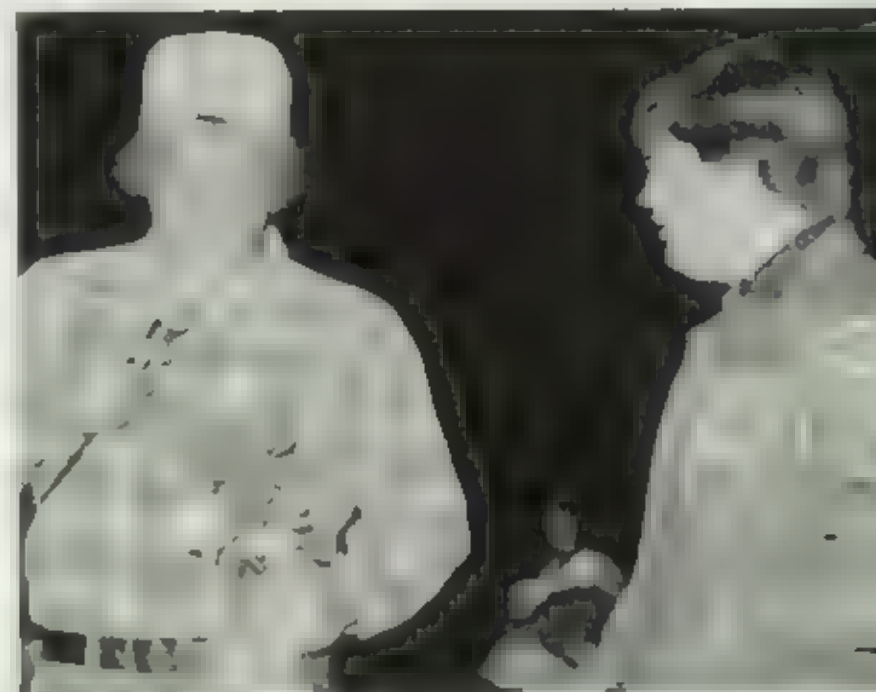

Homecoming festivities began on Tuesday with some Seniors dressed up with glittering faces and frizzy hair. But this fad didn't last long. The Punk Rockers found themselves sent to the office for counseling on the dress code. This isn't normally done, but Punk Rock wasn't on the agenda for homecoming. Wednesday came and everyone dressed western from their hats down to their boots.

One of the highlights of the week was the first annual Candlelight Pep Rally. The students along with the cheerleaders and the VHS Jazz Band provided spirit for the football players. Stingarees left with a feeling of determination.

Finally, the big day arrived Friday. The halls were filled with red and white. After a week of anticipation, the night began with Lorie Selz crowning Lisa Palacios Homecoming Queen during pre-game ceremonies. The stadium full of spectators anxiously awaited for a victory. The final curtain came when Brazoswood defeated Victoria with a score of 14 to 6. While others went home disillusioned, many couples attended the Homecoming Dance to listen to the sound of HARGISS.

Night scenes provide excitement

The students at VHS are a big part of who makes things happen at night, here in Victoria. Because of the raising of the drinking age, most students were not able to "party" legally, that is. However, a few still enjoyed the atmosphere of the CT, Al Dean's, and a few even got into Cady's, Victoria's latest in country entertainment. VHS kids could always be found at the ever popular Taylor Brothers and Drifters dances, along with those who enjoyed our newest dance band, Hargies. And of course, for those who preferred a more quiet night, there was always the show or cruising the Sonic or just gathering with friends at one of the favorite parking lots.

With all the dancing in Victoria, the Playhouse and the Salem Six theaters were always a nice change of pace.

Al Dean's was a popular spot for those who enjoyed live country music and riding mechanical bulls.

The CT offered the ultimate in modern atmosphere and excitement.

Video games were part of the rage for this school year. The Nickelodeon was one of several game rooms that never were found empty.

GODY'S

Gody's, located in the Victoria Mall, offered a quiet country atmosphere. 21 was the age set to go inside, but a lucky few were still able to get in.

Mr. Gatti's continued to be one of the favorite places to eat.

Riverside Market Square was the setting for many parties. Lessons, along with a few Taylor Brothers classes.

Riverside Market Square

During the 60s, too something just about everyone took part in. The Houston Highway between Al Dean's and the CT was the main area to drive through.

Burger King was a favorite for many a lunch, but for those who wanted good food and fast service.

New policies affect students

This year the VISD Board of Trustees was faced with many decisions involving new policy. The policies directly affecting students were written on drug dogs and final exam exemptions.

The Board established policy on how teachers and administration were to handle students in the event of drug detection by one of the dogs. Policy was also established for punishment and expulsion. Students would be expelled for the remainder of the school year unless proof could be furnished to the Board that complete rehabilitation had been achieved. If so, the Board had the option to allow a student to return to school within the same year.

VISD has had a standing exemption policy for a number of years. This year the policy was reviewed and revised. The minimum grade for each student eligible for exemption was based on a graduated scale of conduct and grade. In other words, the higher the students' grade and conduct, the more lenience that would be shown on tardies which are a big factor in exemption.

Other major policies written this year pertained to Senate Bill 341 and involved teachers and administrators.

PANTS: Jordache was sweeping the campus, but the traditional Levi and Wrangler were still popular as ever.

BOOTS: No matter what the fashion was, no outfit was complete without a pair of boots.

Fads & Fashions

BLOUSE: Blouses ruffled at the chest or at the neck were worn with any pair of pants to add a soft touch

ACCESSORIES: Gold jewelry was worn more to achieve a more "glittery" look along with metallic purses and belts

KNICKERS: Knickers were a short pair of pants worn to accent the legs

BOOKS: One, two, three, etc. These words were heard in P.E. classes, at home, and at the "Y". People were concerned with keeping fit

TAPES: Music was still as popular as ever whether be Foreigner 4 or Alabama. People were buying more and more cassettes to achieve better fidelity and louder sound

SHOES: Metallic shoes were worn with more dressed up outfits. Bass shoes were worn with jeans for a more comfortable look

We saw it all happen

During this past year, the countries of our world have experienced many eventful moments together. From the assassination and attempted assassinations of three top world leaders, to the fairy tale wedding of Prince Charles of England to the Lady Diana Spencer, an event that enchanted the whole world, if only for a moment. These and the many other events that occurred may not have affected each country directly, but together we saw it all happen.

The computer craze

This year students were introduced to a new and different form of entertainment – video games. Nickelodeon, Gold Mine, Silver Dollar and Mr. Magoo's were the most popular gamerooms in Victoria and on any given school night, lunch hour, or Sunday afternoon VHS students could be found spending tokens as fast as they could. It was a form of entertainment and relaxation with the added benefit of being with friends. The more devoted video game players purchased home video games, Atari and Atari tapes probably being one of the most popular gifts to be found. Victoria was a part of the video game craze and there was no denying its impact on VHS students. Whether it's a dollar a day or a \$20 habit, video games are here to stay.

Stingarettes celebrate 25 years of excellence

The first girls basketball team in Victoria was organized at Patti Welder High School in 1951. This team played a schedule of eight games, losing all eight. Since that year the Stingarettes have been state finalists seven times, winning first place three of those times. They are known throughout the state for their fine attitudes, determination, and outstanding talent and Victoria High School is proud to back such dedicated champions!

The Billy Traylor and Marjorie Vickers Awards are presented each year to outstanding graduates. The Billy Traylor Award is given in honor of Billy Traylor, who was an outstanding scholar and athlete for Patti Velder High School from 1920-1924. It is awarded to the outstanding male athlete with commendable scholarship and character, Wayne Barefield, this year's recipient, is a member of the Varsity Basketball team and National Honor Society.

The Marjorie Vickers Award is given in memory of Mrs. Marjorie Vickers, who was a devoted teacher and administrator for many years, and is awarded to the senior girl who best exemplifies the qualities of scholarship, leadership, and character. This year's recipient, Connie Martinka, is an active member of the Future Teachers of America, and Varsity Track team.

AFS Club has variety

The V.H.S. chapter of the A.F.S. club met the second Tuesday night of each month at 7:00 in the Sting Room. The club had many different things this year such as a Halloween party, a bake sale, and a Christmas party. There was also a going away party for Sally Bernhardt who left in January to spend a year in South Africa.

At one of the meetings, Amy Barker tells about her stay in England.

Reserves' hectic year

The 1981-82 Reserves had a hectic year helping out the Victoriadores with money making projects as well as decorating lockers. The Reserves displayed their percision and expertise during half time at the Stingarette games and the Powder Puff game. The two most important weeks for the Reserves were the two that involved Victoriadore tryouts. It was at this time that all the long hours and hard work would pay off

Thespians strive for excellence

The Thespian Society is an honorary organization for outstanding drama students who excel in the field of theater. Victoria High School Thespian Troup 1974 presented a Fall Play "Sweeney Todd" and their UIL one act play was "Women of Troy." Members also attended the state convention in San Antonio. Drama II students presented a variety show in March. Many individual awards were won by Thespians at speech tournaments throughout the year.

Amy Leissner and Melissa Klecka were named Best Actresses, and James Janssen was honored as Best Actor at the Awards Assembly.

Thespian officers preside over a monthly meeting.

Thespian Members include: Chance White, Sandy Watson, Nikki LaGrega, Amy Leissner, Melissa Klecka, Cath Bush, Carina M. Arster, Lisa Marlow, Gregg Leissner, Laurie Kresta, Randy Holloway, James Janssen, and Diana Swoap.

Speech Club promotes involvement

The primary goal of the Speech Club is to promote involvement in Speech and Drama activities through tournament participation. Students spent many hours writing debate briefs, memorizing lines, preparing extempfiles, and selecting prose and poetry material as the club won several sweepstakes trophies. The Sweepstakes wins are made possible only through the accumulation of individual wins — these are team trophies.

NHS members excel

Members of National Honor Society are selected by faculty as the exclusive students who excel scholastically as well as in such areas as leadership, character, citizenship and service. This year, NHS sold enough "Seniors of 82" shirts to enable them to present one hundred dollar scholarships to Bill Jenkins, Derek Mauzy, and Lisa Zuniga. Senior members who maintained NHS standards graduated with a symbolic gold cord and an honorary collar.

Jr. Historians award scholarships

Jr. Historians is an organization for those who appreciate and find history interesting. This year the club did not have any moneymaking projects since there was money to spare in treasury from last year. The club also gave out three scholarships to Thomas Johnson, Trayce Salyer, and Lon Smith. The club was directed and sponsored this year by Mrs. Gwen Sullivan and Mrs. Ruby Harrell.

Mrs. Gwen Sullivan was the sponsor for Jr. Historians for 1981-1982.

Diana Holliday is more interested in taking pictures while Lon Smith is much more interested in what the club meeting is about.

A little girl's dream . . .

At some time in their lives, most little girls dream of becoming a cheerleader. But only a lucky few are able to fulfill the fantasy. Being on the squad has its advantages — being in the limelight, the experiences shared, and the friends that are made are all part of an unforgettable time in the cheerleader's life. But in order to achieve these rewards, there is much work to be done. They devote hours to practice, money-making projects, and preparing to motivate the Stings for each game.

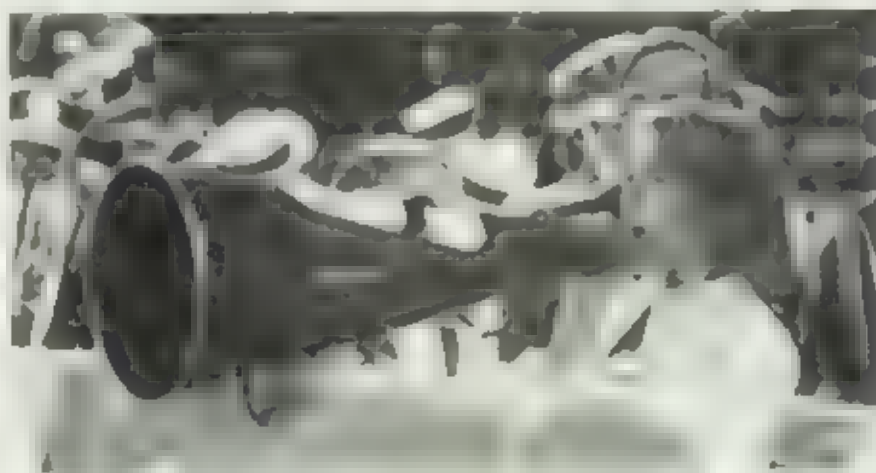

The 1981-82 cheerleaders perform one of their best stunts during a pep rally.

VHS Orchestra has winning year

The 1981-82 VHS Orchestra, under the direction of Mrs. Tsujimoto had a productive and award winning year. Their many concerts were met with enthusiastic response and varied between a performance at Howell and Crain, also a Christmas concert in our own Cafeteria.

This year's state contest, which was held in Port Lavaca, confirmed the opinion of excellence, held by many, by numerous awards. Among the personal awards presented: All-State Orchestra — Mike Montgomery, and Brenda Simpson, All-State Solo and Ensemble — Brenda Simpson with Solo and Ensemble, Amy Leissner with Ensemble, Deanne Mitte with Ensemble, Susan Tsujimoto with Solo and Ensemble, Mike Montgomery with Solo and Ensemble, Jennifer Feldpausch with Solo and Ensemble, John Tsujimoto with Solo and Ensemble, JoAnne Spellacy with Ensemble

VHS choir is 'choral excellence'

VHS Choir has long been part of the choral excellence evident in the state of Texas. The choir presented the Annual Fall, Christmas, and Spring Concerts in addition to participating in the TMEA and UIL competitions. Thirty-eight Choir members

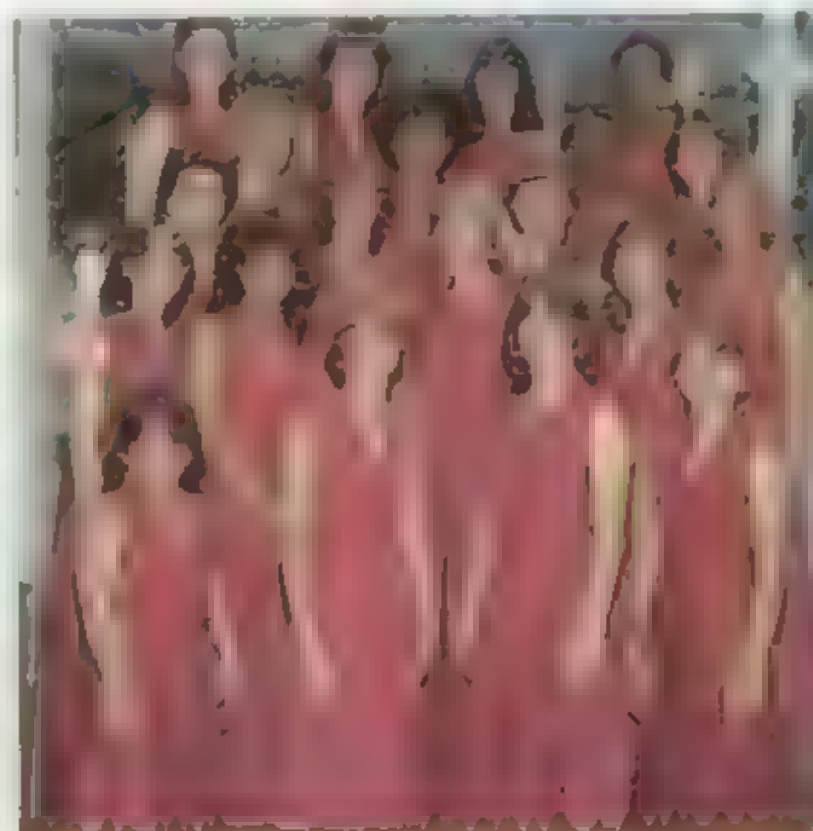

won places in the District Choir, twenty-seven were selected to the Region Choir, ten students were chosen to the Area Choir, and four were selected to the prestigious Texas All-State Choir.

Staff completes 'One Last Look'

Everyone likes to remember the good times in their life and this was the goal of the 1981-9182 Sting Staff, to capture these times and somehow give the student at Victoria High a book of memories. The staff spent many time consuming hours laying out, cropping, and organizing pictures for a book of perfection. Even though there are always setbacks, these students did their part and created the 1981-1982 Stingaree yearbook, "One Last Look." Enjoy!

Victorian earns top honors

The conversion of the VICTORIAN to a newsmagazine from a newspaper has been a successful one, as the VICTORIAN Newsmagazine was rated one of the top sixteen newsmagazine publications in Texas, and was awarded a Certificate of Distinguished Merit by the University Interscholastic League Press Conference. Graphic work, and an expanded feature department completed the transition

The computer acquired by the journalism department allowed the editors to be more creative, work faster, and with less probability of error

Quill and Scroll is an international honor society for outstanding high school journalists. To obtain membership, students must be on the Stargate Yearbook or Victorian Newsmagazine staff and be in the top third of their class academically. As members, they receive a stick pin and a subscription to Quill & Scroll magazine.

As a service project, Quill and Scroll does public relations work for the American Heart Association.

Computers help Impact staff

The Impact Literary Magazine is a joint effort of the English, Art, and Journalism Departments. The poetry, art, and creation of the book itself was done by and for the students with the aid of the advisers from each department.

This year, with the help of the new TRS-80, the Impact staff did all type setting in VHS's own computer room. The new computers played a major role in the publishing of the 1982 Impact.

The annually distributed magazine celebrated its 15 year this issue. It is produced each year by the Victoria Advocated and delivered to all students and teachers in May.

Key Club helps many groups

Key Club, sponsored by the Kiwanis Club and Mrs. San Miguel, helped city organizations raise funds for their operations. The boys rang the bell for the Salvation Army as well as sacked and loaded food for them. Key Club had money making projects that included selling towels, pancake tickets, and sausage tickets. During football season, they also helped out the Victoriadores by escorting them to the football stadium at out of town games and helping them carry dance props

Busy year for HERO

The Home Economics Related Occupations Club includes all students of the Home Economics Cooperative Education classes. The 1981-82 school year was a busy one for the HERO club. Some money-making activities included the annual cheese and fruit-cake sale in November and a candy sale in January.

Each month the members of the club participated in a community service project. Some of these projects included making Halloween bags for one child care center while answering letters to Santa for another. In February Valentines were constructed for day care children and in March Easter sacks were made.

Experience of hard work

Distributive Education is the largest vocational education club at Victoria High School. Because of this there are two DECA clubs found on the campus. The sponsor of the second group is Mr. Rickey Ramseur. His club consisted of twenty-eight members. DECA-Ramseur members learned basic marketing functions, and the importance of our free enterprise system. The students attend three regular classes, one period of Distributive Education, and then are out for the rest of the day to report to their jobs found throughout our community. To end a year of hard work combined with good work experience and loads of fun, the members were honored with a 7:30 a.m. breakfast at Totah's.

New way of life

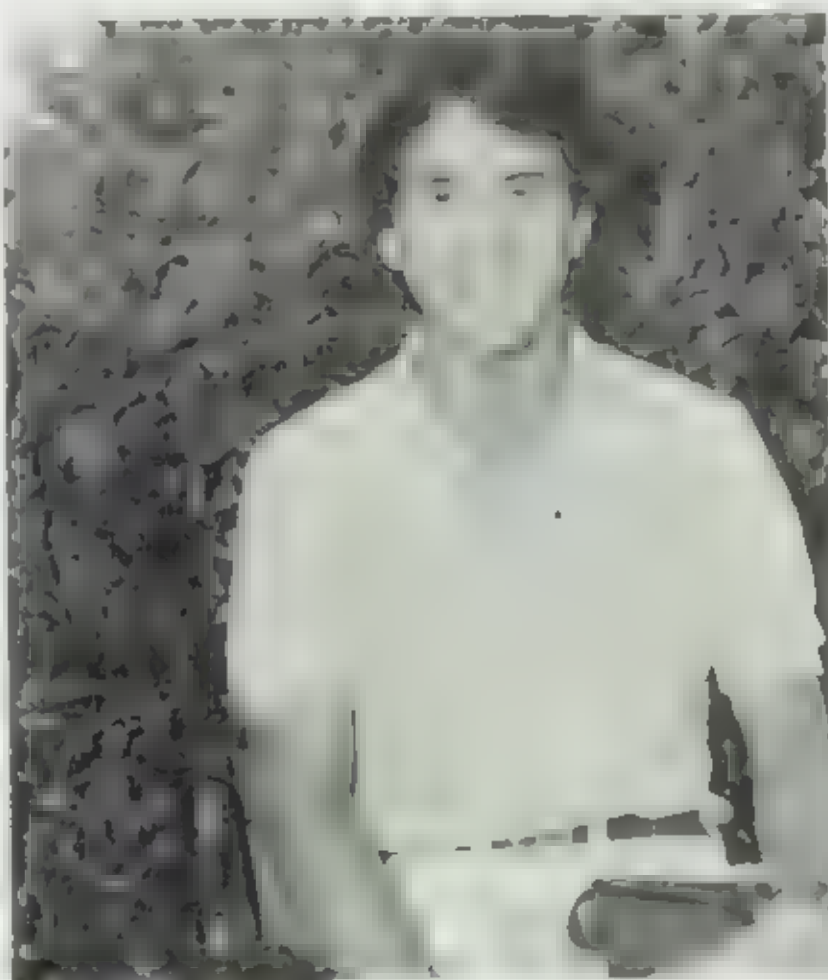

During the 1981-82 school year, VHS was honored with the presence of three foreign exchange students; Pedro Canal from Columbia, Nils von Below from Germany, and Maria Carlsson from Sweden.

These students experienced a different way of life. They learned more about the western way and even dressed western. At the end of the school year, the students received gifts from the student body.

Maria Carlsson enjoys her stay at VHS.

Nils von Below takes time out to rest.

Pedro Canal can always be caught with a smile.

Foreign exchange students show what they received from the student body during the Awards Assembly.

Members of AFS gather together for one last picture.

Parties are part of the fun of being a foreign exchange student.

Private dance honors seniors

To celebrate graduation, a dance was organized by a group of parents, honoring the seniors and their guests. The dance featured the band Hargiss and lasted from 10:00 till 2:00 a.m. at the Community Center. Each honoree was presented with an ice chest at the steak and egg breakfast at Western Sizzlin'.

Patty Hawkins and Jeff Dorsett could find only one chair.

Mike Reedy and Susan Wade relax during a break.

Leif Bruns and Grant Andreassen who the long as Leif.

Brett Berman just make the truth
from Jeremy B. Anderson

Art's Hysat and Robert Heinrich enter the dance late

only Huebner and J. C. Camps enjoy refreshments after a fast dance

Jana Wright and Bruce Hammond enjoy the
music by Hargess

Michelle Trevino is happy to have received her diploma

Seniors reach milestone

Graduation is a milestone in life. It is a stepping stone from the past, with its hours of study and its marvelous moments of fun, to a new and somewhat different life filled with great challenges and responsibilities

Graduation is an end and a beginning

Bill Jenkins gives his valedictory address

Pedro Canal reflects on his last moments as a Singaree

Ex-Singarees sing the school song for the last time

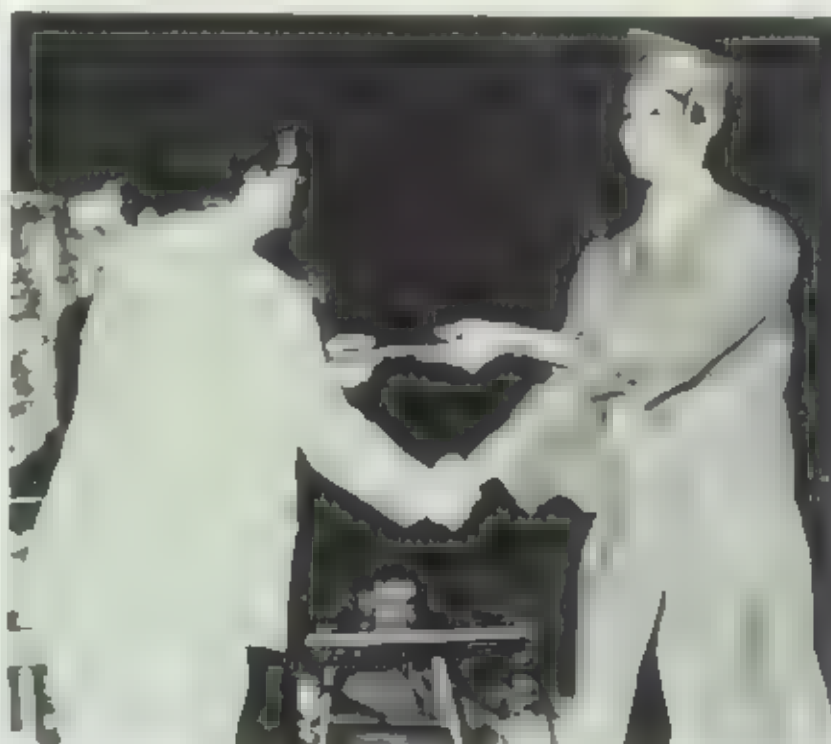

Chris Davis listens attentively to the graduation speeches

So let $\mathcal{K} = \{K_1, \dots, K_n\}$ be a \mathcal{K} -tree, $\mathcal{K} \in \mathcal{K}$, and
from $\mathcal{K} \in \mathcal{K}$ it follows that $\mathcal{K} \in \mathcal{K}$.

Eddie Haas, Michelle McApine and Ruth Salas show emotion after the ceremony.

Is Sharon Smms excited?

It indicates loss, a recapitulation of the original symbol of leading back to self, and entering the next stage, to

Seniors practice

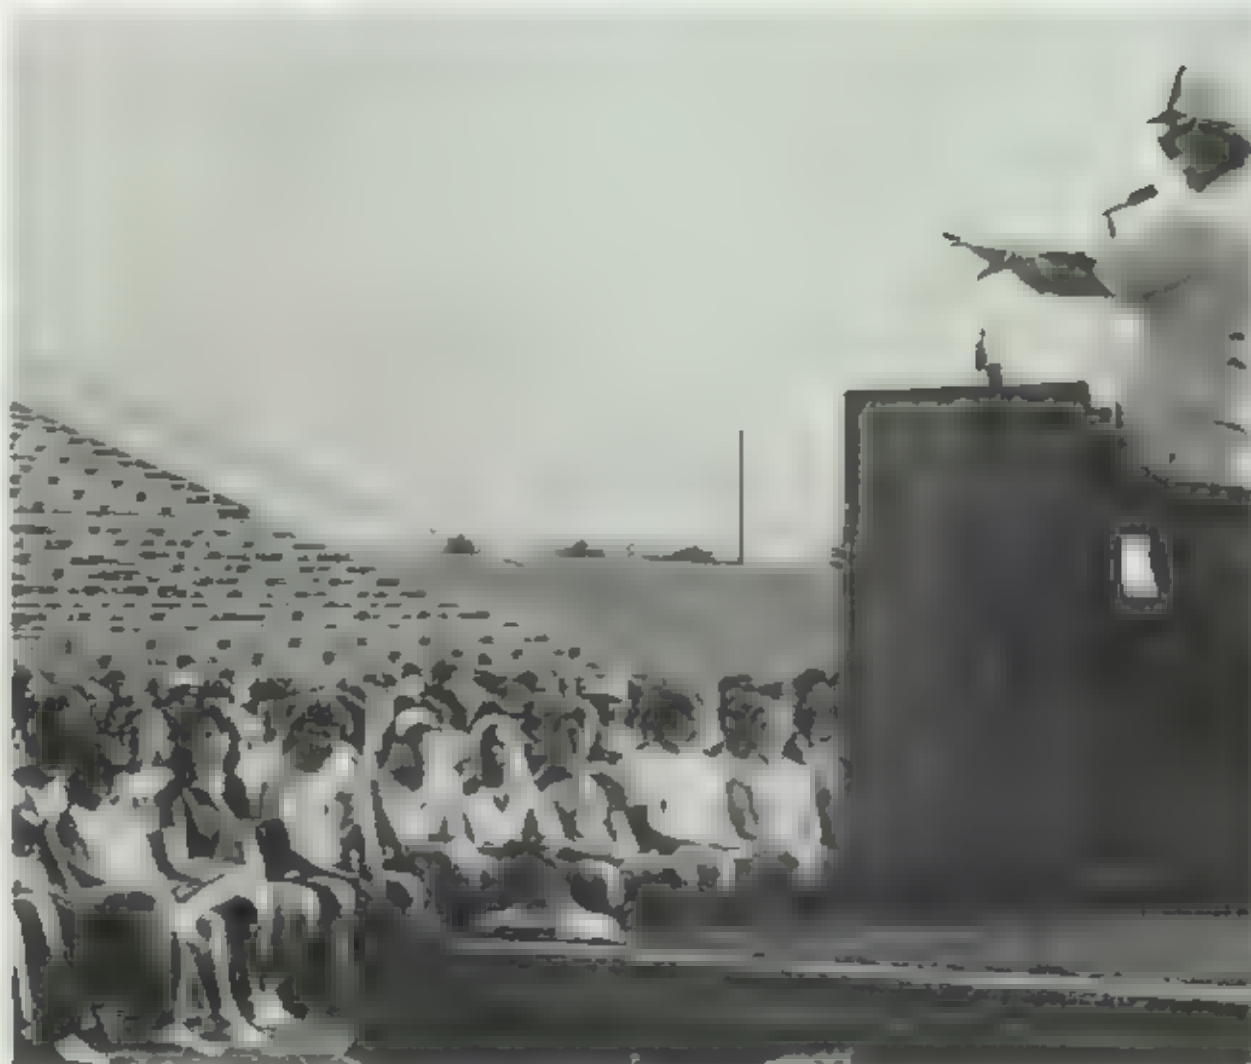

The drama and precision of the graduating ceremonies did not happen spontaneously. That morning, soon-to-be graduates spent time marching, responding to cues, and most of all, praying that the luminous rain clouds would disappear.

Seniors concentrate on walking in a straight line

Mr Tom Burchfield conducted the shortest rehearsal ever — two and one half hours

Garv Alford, Keith Alkek, and Natalie Alkek even had to practice standing

Seniors finally got it right on the fourth try
